

# RED UPRISING IN GERMANY TO BE VERY SHORT

Strong Precautions Are Be-  
ing Taken Against  
Further Trouble

## BUSINESS STOPS

Much Damage Reported In  
Many Cities Of  
Nation.

Berlin, March 25.—The security  
police have recaptured Eiselen  
from the communists after a vio-  
lent struggle, the government an-  
nounced today.

The police casualties were  
seven killed and 11 wounded.

The red casualties are put at  
forty killed and wounded.

Forty arrests were made.

Between 30 and 40 houses in  
Eiselen were destroyed by fire.

Berlin, March 25.—Although fight-  
ing between communists and security  
police was reported from Eiselen  
and other industrial centers in the Elbe  
valley, the indications today were  
that the red uprising would be short lived.

However, strong precautions are being  
taken to deal with an outbreak in this  
city on Sunday.

The government has adopted a con-  
ciliatory attitude towards the com-  
munists and has not attempted to em-  
ploy regular troops against them.

Government officials complain that  
their position has been weakened by  
the attitude of the allies.

President Ebert instead of appoint-  
ing army officers to apply martial law  
measures in Hamburg and Saxony  
named civil commissioners to give the  
state of siege a non-military ap-  
pearance.

There was violent street fighting in  
Eiselen on Thursday. Business was  
at a standstill and many buildings  
were plundered. Several fires broke  
out. Reinforcements of green (secu-  
rity) policemen were ordered to the  
scene and were reported to have ar-  
rived there during the night.

Railway bridges between Halle and  
Sangerhausen were reported to have  
been dynamited.

Occupied Monastery.

At Hamsfeld the armed workmen oc-  
cupied a thick walled monastery  
which they barricaded. Heavy ma-  
chine guns were mounted to sweep the  
approaches.

Mansfeld and Eiselen were reported  
to be the chief danger spots. Up  
to noon Thursday three policemen had  
been killed and seven wounded in at-  
tacks against the communist strong-  
holds.

The foreign office was optimistic  
and officials said they hoped that  
Eiselen would be in the hands of the  
government police within a few hours  
although several thousands additional  
armed communists were reported to  
be in the vicinity moving towards the  
city.

The green policemen seem to have  
the situation completely in hand at  
Hamburg.

Communist ring leaders who are un-  
der arrest are said to have confessed  
that the dynamiting of the Victory  
column in this city was to have been  
the signal for a general red uprising  
throughout Germany. They were frus-  
trated by the vigilance of the Berlin  
police and victory column still stands  
today.

"Rots Fahne" (The Red Flag) has  
been given special freedom. It has  
persistently demanded a general upris-  
ing of the workers against the gov-  
ernment for the overthrow of the  
"bourgeois government." The com-  
munist call for a general strike has  
met with no response and except for  
certain communities where property  
was dynamited and bridges and rails  
blown up railway traffic is normal.

# ATTEMPT ON LIFE OF PREMIER OF ITALY IS FAILURE

Anarchists Blamed for  
Throwing Bomb at Gio-  
litti's Train.

Rome, March 25.—An unsuccessful  
attempt was made today to assassi-  
nate Premier Giolitti of Italy. The  
premier was on his way from Rome to  
Lyon when a bomb was exploded.

The assassin had misjudged the  
time of the passage of the train and  
the bomb exploded a few minutes be-  
fore the minister's train went by.

The plot against the premier's life  
is attributed to anarchists.

There has been a disturbed condi-  
tion in Italy for some time with the  
anarchists and communists agitating  
against the government.

## EDITOR OF BULLETIN OF PHILADELPHIA DIES ON FRIDAY

Philadelphia, March 25.—William  
Perrine, editor in chief of the Bul-  
letin for 26 years and one of the  
best known newspapermen, pub-  
licists and writers in this country,  
died here today aged 63. He had  
been ill for a month.

An extensive traveler and keen  
observer all his life, Mr. Perrine  
imparted his fund of intimate  
knowledge to the public in the wide  
ly read column "Men and Things"  
under the nom de plume of  
Perrine.

## Debs Returns To Prison After Unprecedented Trip

Physical Condition Of Political Prisoner Will Figure  
Largely In Financial Consideration Of Case Now  
Resting With Attorney General.

Washington, March 25.—Eugene V.  
Debs is returning today to his cell in  
the federal prison at Atlanta after his  
brief taste of freedom—the first he  
has enjoyed since his conviction under  
the espionage act three years ago.

While Attorney General Daugherty  
was cautious today about giving an  
indication as to the results of the  
noted prisoner's unprecedented trip to  
Washington, alone and unguarded, it  
can be said authoritatively that Debs  
has immeasurably increased his  
chances for executive clemency by his  
two hour talk with Attorney General  
Daugherty.

It is understood that Debs made no  
appeal for clemency. With the same  
quiet dignity which he maintained dur-  
ing his many trials and which has  
marked his conduct in prison, the pris-  
oner came to Washington at the at-  
torney general's invitation, replied to  
questions, made a quiet and forceful  
presentation of his views and then  
made his way as quietly and unosten-  
tantly as he came, back to the train  
that returned him to the prison that  
has been his home for three years. He

## FUNERAL PLANS TO BE ELABORATE FOR CHURCHMAN

Baltimore To Remain Seat  
Of Archbishopric In  
This Country.

Baltimore, Md., March 25.—With a  
definite date set for the funeral of Car-  
dinal Gibbons, preparations were un-  
der way today for the reception of the  
distinguished clergy and laymen who  
will be present at the last sad rites.

The body of the late prelate will rest  
in the arch episcopal residence until  
late on Easter Sunday night. It will  
then be removed to the Cathedral  
where the body will lie in state until  
the close of the funeral services  
Thursday. The body will then be  
placed in a niche in the crypt under  
the high altar where it will remain so  
long as the present cathedral stands.

One of the questions following the  
death of Cardinal Gibbons is that Bal-  
timore will remain the seat of the  
Catholic Church in the United  
States, it was announced today. It  
was stated that there will be no shift-  
ing of authority since the choice of a  
successor to the archbishopric here in-  
volved no question of seniority nor  
rank. This means that Baltimore will  
remain the seat of the archbishopric  
a successor to the cardinal to be  
named by Pope Benedict XV at some  
future date from among the bishops or  
archbishops of the United States. It  
is believed however, that the successor  
to Cardinal Gibbons as archbishop of  
Baltimore is not likely to be elevated  
to the cardinalate in the very near  
future. Perhaps within the next six  
months a new archbishop will have  
been selected to take over the reins  
laid down by Cardinal Gibbons with  
his death yesterday.

The affairs of this archdiocese in the  
meantime that is the time elapsing  
between the death of the cardinal and  
the appointment of his successor will  
be conducted by an administrator.  
This administrator will be appointed  
at a special meeting of the consultors  
of the archdiocese to be held at the  
late cardinal's residence today.

## PROPERTY OWNERS IN DODDS ADDITION ASK IMPROVEMENTS

Property owners in the Dodds addi-  
tion presented a request for improve-  
ments in that district to the City Com-  
mission, at its meeting Thursday  
night.

Secretary F. J. Slackford of the  
Chamber of Commerce, acting as  
spokesman for the lot owners present,  
said that the total cost of the im-  
provements, including sidewalks,  
grading and graveling of the streets,  
sanitary sewers, curbing and water  
mains, would not amount to more than  
\$33,000.

Of this amount the city's share, in-  
cluding the street intersections and  
two percent of the costs, and the ex-  
penses of the property that would not  
stand the assessments, would be about  
\$3,000, with ten years in which to pay,  
making about \$350 including interest,  
annually.

This amount, is small, it was pointed  
out by backers of the movement to  
secure the improvements in the sec-  
tion, and the result of the improve-  
ments, would undoubtedly mean the  
stimulation of building in the addition,  
which would bring in increased reve-  
nue to the city in taxes.

Among other speakers favoring the  
project were F. W. Dodds, creator of  
the Dodds addition, and Charles Kel-  
ble, who is pushing the movement for  
the improvements. The Commission  
will investigate the costs further and  
a plan to pay for the improvements  
before any definite action by that body.

A petition presented to the Com-  
mission from the three residents on Al-  
ison avenue, asking for water service  
from that street, was considered favor-  
ably, since the city has pipe enough for  
the extension and the labor would be  
small. The property owners guaran-  
teed to become water users. The ser-  
vices was ordered in by the Commis-  
sion.

## DEFENSE BEGINS TESTIMONY INTO BIG MURDER CASE

Dayton, O., March 25.—The de-  
fense today began its testimony in the  
first degree murder case of Frank  
Mills, accused of slaying Roy  
Shay, messenger boy, last July 6,  
in which Mills and Fred Pansting,  
also indicted, went to Lancaster and  
assisted Walter Wachter, Pansting's  
cousin, escape from the reformatory.  
The defense is trying to show that  
someone else killed Shay and rely  
upon expert testimony showing the  
weight of the lead taken from Shay's  
head could not have been from Mills  
revolver. Mills returned from Greenup,  
Ky., and gave himself up several weeks  
after the murder.

## GREEK ADVANCE STILL CONTINUES AGAINST TURKEY

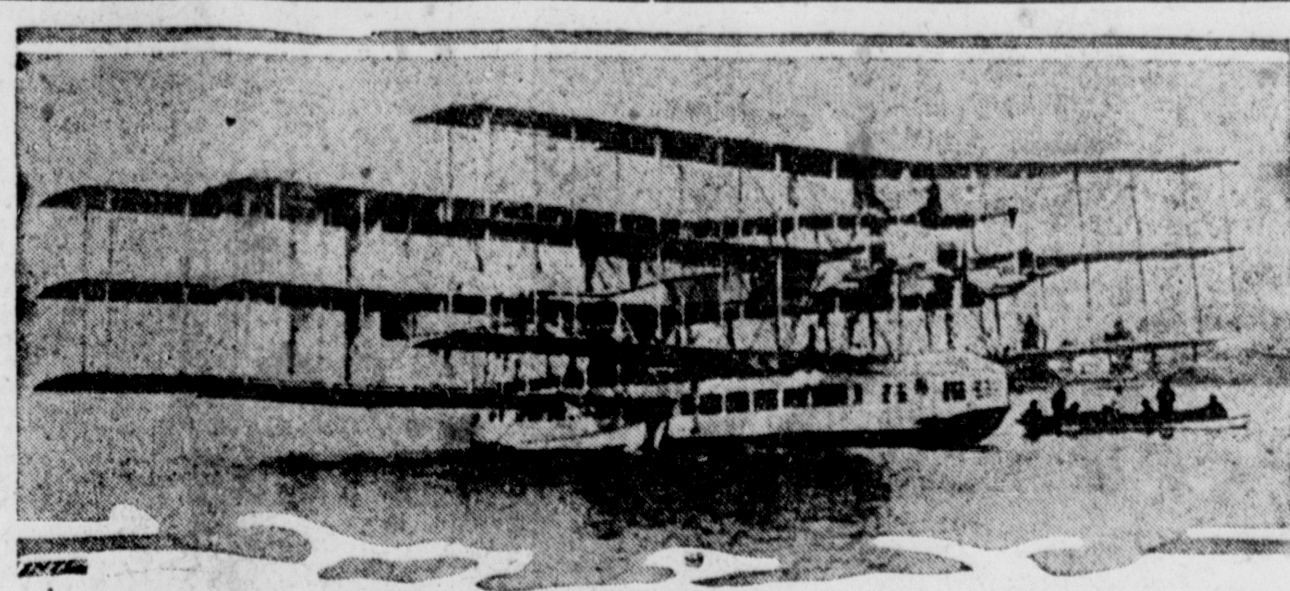

London, March 25.—The Greek ad-  
vance against the Turkish nationalists  
on the Smyrna front continues suc-  
cessfully, according to an Exchange  
Telegraph dispatch from Athens today.  
It quoted the Greek war office as an-  
nouncing:

"We are making victorious advances  
in the sectors of Ushak and Broussa in  
our offensive which began yesterday.  
The Turks are retreating in disorder."

EGGS DOWN TO 27 CENTS.

New York, March 25.—In pre-  
paration for the Easter trade mer-  
chants today reduced the retail  
price of fresh eggs to 27 cents  
a dozen, the cheapest they have  
sold here in ten years.

## WORLD'S GREATEST FLYING BOAT WRECKED IN ITALY

The great Caproni flying boat,  
Sesta Calende, designed and con-  
structed by Signor Caproni, the  
great Italian aviation expert,  
which was wrecked by a storm in  
Italy a few days ago. Reports  
from Rome say the great plane  
will be rebuilt immediately and

will soon attempt a transatlantic  
flight carrying 100 passengers.  
The Sesta Calende is the great-  
est heavier-than-air machine in  
the world, having a lifting capacity  
of 52,000 pounds. The giant  
flying boat has three sets of tri-  
planes, spanning 100 feet and a

## WELCOME NEWS; EASTER TO BE FAIR

Washington, March 25.—Here is  
glad news for the ladies:  
The weather bureau issues the  
following forecast:  
For Easter Sunday the outlook  
is for generally fair weather, with  
moderate temperature over most  
of the country.

In a later forecast the weather  
bureau amended its happy pre-  
diction by announcing that there  
would be scattered showers in the  
eastern half of the country.

## SATER WILL HEAR ARGUMENT ON TEST SUIT ON WAGES

Authority Of Railway La-  
bor Board Will Be  
Probed.

Columbus, O., March 25.—Federal  
Judge Sater will hear argument  
Monday relative to the test suit filed  
by Cecil Jewell, ice chairman on  
behalf of the 1750 united brother-  
hood of maintenance of way employ-  
ees and shop laborers, seeking to en-  
join the Toledo and Ohio Central,  
Zanesville and Western, Kanawha  
and Michigan and Kanawha and  
West Virginia railroad officials  
from reducing the wages of these  
employees effective April 1, to 33  
cents from 48 1-2 cents an hour.

The litigation is designed to de-  
cide what authority the federal  
railway labor board has to enforce  
its orders and awards, issued July  
20 last prohibiting railroads from  
reducing wages until after confer-  
ring with employees.

Counsel for the employees are at-  
torneys Randolph S. Walton, for-  
mer member of the state civil ser-  
vice commission and W. S. Pealer,  
who served as executive clerk to  
former Gov. Cox.

## NO HASTY ACTION PLANNED BY ALLIES AGAINST GERMANY

French Said To Favor  
Effecting Of New  
Penalties.

Paris, March 25.—Despite the de-  
mands of the French for new and im-  
mediate penalties to compel Germany  
to meet her indemnity obligations it  
was learned by the International News  
Service from an authoritative source  
that the allies do not contemplate any  
hasty action.

Following Germany's latest note re-  
fusing to make payments of approxi-  
mately 12,000,000 gold marks  
which the allies claim are due before  
May 1, Gustav Hervé, the political  
expert of La Victorie urgently advised  
the immediate occupation of Essen.  
The Journal suggested that the allies  
take over and administer all German  
industries.

"The French favor new sanctions,  
including the eventual seizure of the  
customs at all German seaports," said  
the Matin.

The council of ambassadors held  
no meeting today. The diplomats are  
awaiting fresh instructions from the  
allied governments before taking any  
action.

Conversations are under way be-  
tween the French and British foreign  
offices upon the allies' future plans  
but there has been no inkling as to  
what these plans will embrace. The  
allies have under contemplation Ger-  
many's latest note refusing to meet  
the entente's demands and rejecting  
the entente's position upon the value  
of the goods already turned over as  
part of the indemnity payments.

The influential newspaper L'Homme  
Libre takes the attitude that while  
stern measures probably will be nec-  
essary, it is not imperative for the al-  
lies to act before May 1.

## Lansing's Indictment of Wilson Starts Sensation

Book Of Memoirs Of Former Secretary Of State Placed  
On Sale Today—Do Not Believe Ex-president  
Will Answer Charges

Washington, March 25.—The sharp  
indictment of Woodrow Wilson's con-  
duct of the peace negotiations at  
Paris, drawn up by his former secre-  
tary of state Robert Lansing in a  
book of memoirs which went on pub-  
lic sale here today, created intense  
interest in governmental and politi-  
cal circles.

Spokesmen for the former presi-  
dent said today that Mr. Wilson has  
not read the book, although private  
copies of it have been available to a  
select few in Washington for the past  
few days.

Mr. Wilson has read, however, with

## WOULD NULLIFY PALMER'S RULING BY OHIO STATUTE

Expect Bill To Pass Sen-  
ate As Emergency  
Measure.

Columbus, O., March 25.—The  
senate temperance committee has  
recommended passage of the bill by  
Senator McCoy, Mahoning county,  
nullifying former Attorney General  
Palmer's beer ruling in Ohio by pro-  
hibiting sales of beer, whiskey, ale  
and other stimulants, except pure  
grain alcohol, for medicinal pur-  
poses. The bill is expected to pass  
the senate next week as an emer-  
gency measure.

The house has tabled the bill by  
Rep. Burns, Marietta, which sought  
to amend the workmen's compensa-  
tion act so as to permit liability in-  
surance companies to operate in Ohio.  
Friends of the bill it is said, will try  
to revive it and bring it to a final  
vote.

The Taylor bill, seeking to legalize  
Sunday afternoon movies, is sched-  
uled to reach a final vote in the house  
at 2 p. m. next Wednesday.

By a vote of 72 to 27, the house  
passed the Emory bill requiring fish-  
ermen over 19 years of age to obtain  
a fifty cent license. The fund thus  
raised is to be used in building ad-  
ditional hatcheries, restocking streams  
and inland lakes and improving fish-  
ing conditions generally.

The Schrimper bill, authorizing the  
governor to appoint a commission  
empowered to determine and enforce  
minimum wages for women and chil-  
dren, passed the house, 77 to 17. The  
bill now goes to the senate. The Mor-  
ris bill seeking to exempt practition-  
ers of christian science, from control  
of the state medical board was de-  
feated, 30 to 67, in the house.

## FORD FORCED TO ABANDON COACH FOR SECOND TIME

Auto Manufacturer To In-  
spect Southern End  
Of D. T. & I.

Springfield, O., March 25.—For the  
second time in about 24 hours Henry  
Ford and his party of business asso-  
ciates were forced to abandon the gas-  
oline passenger coach in which they  
were riding, inspecting the line of the  
Detroit, Toledo & Ironton railroad  
owned by Ford.

Both times motor trouble was re-  
sponsible. Ford and his party returned  
to this city in automobiles from  
Jeffersonville where they left the coach.

It is planned to inspect the southern  
division of the road today. The Grass-  
ford and his party of business asso-  
ciates were inspected yesterday. Ford  
and his son, Edsel, spending a  
considerable portion of the day rid-  
ing in the cab of the new coach.

## JURY RETURNS VERDICT OF GUILTY

Cleveland, O., March 25.—A verdict  
of guilty was returned late yesterday  
against Samuel Remebrandt, lawyer  
and Democrat politician, on trial be-  
fore Federal Judge D. C. Westenhaver  
on a charge of offering a bribe of \$4,  
000 to prohibition agent Fred Counts  
to declare valid permits for the trans-  
portation of liquor. Among the wit-  
nesses testifying was state Federal  
prohibition Commissioner, John A.  
Shearer, of Columbus, who asserted  
that Remebrandt had also approached  
him.

## DAYTON WOMAN RESIGNS POSITION

Columbus, O., March 25.—Her  
resignation, effective April 1, as  
member of the state board of mo-  
tion picture censors has been an-  
nounced by Miss Elinor Parker of  
Dayton. She has accepted the po-  
sition of secretary to former Gov-  
ernor Cox. She was his personal  
secretary during his terms as gov-  
ernor.

## TROUBLE AHEAD FOR EMERGENCY TARIFF MEASURE

Bill Must Be Modified  
Materially Is Belief  
Expressed.

## IS WEIGHTED DOWN

See Danger Of Democratic  
Filibuster Against  
the Act.

Washington, March 25.—Snags  
were encountered today by the  
plans of Republican senators and  
representatives from western and  
middlewestern states to jam  
through congress at the approach-  
ing extraordinary session the emer-  
gency tariff bill passed at the re-  
cent session and vetoed by former  
President Wilson.

That the measure will have to  
be modified materially and given  
that conciseness president Harding  
is known to favor, if it is to be  
passed again, some of the most in-  
fluential Republican leaders of con-  
gress predicted.

Weighted down by amendments  
fastened upon it by the senate, the  
bill as it was disapproved by for-  
mer President Wilson was regarded  
as a joke by a number of Republi-  
can senators and representatives  
who now entertain the fear that  
any attempt to repass it without  
the dotting of an "i" or the crossing  
of a "u" would prove disastrous to  
the Republicans.

These same members of congress  
who were fearful lest Mr. Wilson  
sign the bill at the close of the last  
session and thereby put the Republi-  
cans in a political hole are urging  
upon President Harding that it be  
cut to the bone so as to provide  
only for the "two inch" measure he  
advocated for taking care of a com-  
paratively few agricultural prod-  
ucts.

Little Surprise Shown

The declaration of Senator Willis  
Republican of Ohio, following an  
hour's conference between the presi-  
dent and himself that the president  
does not favor particularly the em-  
ergency tariff bill in the form in  
which Mr. Wilson turned it down,  
did not occasion much surprise at  
the capital, where it was antici-  
pated the sponsors of the idea to shove  
the measure through would soon  
find themselves in difficulties.

The danger of another Democrati-  
cally filibuster against the bill is to  
be one of the obstacles in the way of  
its early and speedy passage. Cloture  
rule or restriction of debate, is not  
always easy to invoke in the sen-  
ate however.

The fear is entertained that there  
may be delay in getting even a  
"two inch" bill through as a means  
of affording protection for this  
year's harvest of wheat and other  
agricultural products. The energies  
of Republican leaders of congress  
will be bent toward giving the far-  
mers all the aid possible in the  
shape of the raising by some of them  
if any emergency tariff measure  
can have any more than a psychol-  
ogical effect upon the serious agri-  
cultural situation confronting the  
producer.

The tariff, like the tax question,  
is regarded as certain to engage  
the attention of congress for many  
months to come, and while Republi-  
can leaders refer to the advantage  
that it is a long lane that has no  
turning they admit they have not  
been able to see a turn in or an end  
to the tariff and tax lane ahead of  
them.

## MISSING BALLOON BLOWN TO SEA

Pensacola, Fla., March 25.—The  
naval air station announced at 8  
o'clock this morning that nothing had  
been heard of the missing balloon  
for which a fleet of eagle boats and  
seaplanes have been searching since  
Wednesday afternoon following the  
arrival of a pigeon at the station  
bearing a message that the balloon  
was being blown to sea off St. An-  
drews, in Bay county. The balloon  
was occupied by five men, being in  
charge of Chief Quartermaster C. R.  
Wilkinson.

## OHIO CENSORS WILL NOT PASS FILMS

Columbus, O., March 25.—"No  
picture in which Clara Smith Ham-  
mon has a part will ever be passed  
by the Ohio board of censors," de-  
clared Mrs. Maude Murray Miller,  
member of the state board of mo-  
tion picture censors.

The very fact that she is willing  
to capitalize the scandal in which  
she has been involved is predicted  
to be a reason for her being ex-  
cluded from the board, continued Mrs. Miller.

## INVESTIGATE HOUSE REPORTED HAUNTED

Marion, O., March 25.—Hundreds  
are visiting the home of Err Henry  
of the West side to investigate the  
reports that the house is haunted.  
It was in this house that pretty Miss  
Doshawa White was shot to death by  
her sweetheart, Miller Herman, March  
3, 1919. It is claimed that on the  
night of the second anniversary of  
the murder, a pistol shot was plainly  
heard in the house, but the occupants  
of the house could not locate the  
source. Henry's describe footsteps  
and pounding in the house throughout  
the night. They say that at times it  
is impossible for them to sleep.

ONE OF THESE TOTS BELONGS TO STILLMAN; DOES THE OTHER?

At the left, Baby Guy Stillman and his brother Alexander, photographed a few days ago at Lakewood, N. J. Right, Baby Jay Leeds.

New York, March 25.—Little 28 months old Guy Stillman has become today the central figure in the divorce fight between James A. Stillman, the multi-millionaire president of the National City Bank and his wife, and about this care-free boy rages a struggle upon which hinges a fortune of vast millions.

The fact that the fight is now centering upon this little boy whose paternity has been repudiated by the banker, is emphasized by developments which are now brewing. It is reported that the impression is growing that neither Stillman nor his wife will win a decree of divorce in the present legal battle and the fight is narrowing down to an attempt upon the part of Mrs. "Fifi" Stillman to prove the legitimacy of her child and an effort upon the part of the husband to prove that Fred Beauvais, the Canadian Indian co-respondent, is the father of the child thus depriving him of a share in the Stillman millions.

John E. Mack, guardian ad litem for Guy Stillman, was expected to appear today at a special session of the supreme court at Yonkers, N. Y., before Justice Morschauer, who heard the Stillman alimony arguments at White Plains on Wednesday. It was believed that John P. Brennan, chief of counsel for Mrs. Stillman also would attend the special session of court. As the courts are usually idle on Good Friday the opinion was prevalent that any proceedings taken today would be of unusual importance.

The fact that Mr. Mack was to appear made it evident that any new steps in the case affected little Guy Stillman, the innocent storm center of this turbulent legal conflict.

Baby Guy is with his mother at Lakewood, N. J., entirely uncon-

scious of the tumult and charges and counter charges in this sensational family break. He is more interested in his toys and the approaching of spring which will enable him to romp outdoors than anything else.

Banker Stillman is said to be determined that the child Guy (who was born in November, 1918), shall inherit none of the millions left by the elder James Stillman. The banker is said by his friends to be determined to leave nothing undone and to fight to the last legal ditch to win his ends.

But the banker will have opponents worthy of his steel. Mrs. Stillman is fully determined to protect her name and the birthright of her child. Along side of her protestations of innocence are denials of Fred Beauvais, the half breed Indian guide that anything wrong had occurred between him and Mrs. Stillman.

HUNDRED DIVORCE CASES FILED HERE DURING PAST YEAR

An even 100 people have chafed under marital rules and tired of double harness, during the past twelve months, according to the records kept by Clerk of Courts C. S. Johnson.

From the period starting March 20, 1920, when Mr. Johnson assumed office, until March 20, 1921, 100 cases were filed with the clerk seeking for some cause or other separation from either husband or wife.

Of these divorce cases 68 have been brought by the wife in the domestic couplet, while 32 cases have been filed by the husband in the case. The records during that time show that the most ordinary and most used causes for divorce, are gross neglect, extreme cruelty and adultery.

These charges have been used more than any others, by those seeking legal separation, to be exact, appearing on the records no less than 88 times. Eleven of the twelve cases left were filed on charges of wilful absence, while failure to provide seems to be the least popular of any, only one separation being sought on that charge alone.

INITIATE CANDIDATES IN W. R. C. DURING MEETING THURSDAY

Neglect Keeps Doctors Busy

An eminent physician once said: "Were it not for people who neglect the early symptoms of disease, many doctors would have to find a new way to make a living."

Every winter doctors are busy calling on grippe and pneumonia patients because the first symptoms of colds were neglected.

Watch out for a cold this year. At the first sneeze-and-sneeze take Lightning Laxative Quinine Tablets. You'll stop the cold and feel like a new person in 24 hours. Never gripe or sicken. Druggists guarantee them.—25c a box.

FLOOD ANNIVERSARY OCCURRED WEDNESDAY

Last Wednesday marked the eighth anniversary of the great flood that spread death and destruction over a portion of Ohio, and caused almost general terror throughout Dayton and environs.

Xenia people well recall the exciting times that followed the news that her neighboring city was in the throes of the worst disaster that had ever swept that city. They will remember vividly the scenes which many of them witnessed, and the hastily organized corps of relief workers that was sent from this city to the aid of the stricken community. There are perhaps many who with slight effort will recall the part they played in the effort to send help to Dayton, in the form of provisions and supplies in every means of transportation at hand.

The spring of 1913 will live for years to come as a landmark in the history of this part of the state during the strenuous times that brought the eyes of the entire nation to the Miami Valley.

"I COULD TALK ALL DAY ABOUT TANLAC."

Akron Woman Gains Twenty Four Pounds And Health Is Restored—Nothing Else Helped Her

"I have gained twenty-four pounds in weight and could talk all day about the good Tanlac has done me and then not tell it all," said Mrs. Sarah Ross, 162 North Walnut St., Akron, Ohio.

"Two years ago I had an operation which left me in such a bad condition I had to break up house-keeping and it seemed that I just could not regain my health and strength. I could scarcely eat anything and even the lightest of foods caused me terrible distress. Often after meals I became so sick I couldn't retain anything on my stomach.

"I could scarcely sleep and would lie awake all hours of the night. When morning came I always felt so tired and drowsy I could hardly get out of bed, and I had an awful

bitter taste in my mouth which stayed with me all day.

"It seems that I tried every medicine that could be bought but neither this nor several special treatments did me any good. Finally my brother came to see me from Pittsburgh and told me how Tanlac had helped him and bought me a bottle.

"Well, I improved from the first and the day I finished my first bottle I ate a big supper of liver and onions and went to bed and slept like a child until morning. We have gone back to housekeeping now and I am doing all my housework without the least trouble.

"Every time I write to my brother I thank him for telling me about Tanlac and I just wish I could personally tell every sufferer about this medicine. Tanlac has certainly been a blessing to me. I would not think of being without it."

Tanlac is sold in Xenia by Sayre & Hemphill, in Yellow Springs by A. Pinley, Bowersville, by N. K. Bowermeister, Fairfield, Paul P. Logsdon, New Burlington W. C. Smith.

**FORMER XENIA GIRL TO BE WED SOON**

Xenia friends of Miss Ethel Marguerite, Kelble, of Dayton, will be interested in the announcement of her engagement to John Russell Evans, of Dayton, which is made by her parents, Mr. and Mrs. Frederick G. Kelble, of West Herman avenue, Dayton.

Miss Kelble formerly lived here with her parents but moved to Dayton several years ago and graduated from Steele High School in the class of 1917. Mr. Evans, whose home is on South Jefferson street, is employed in the machinery department of a large Dayton plant. The wedding will take place in the early summer.

**OBSERVE ANNIVERSARY OF SEVENTH BIRTHDAY.**

The seventh birthday anniversary of Little Miss Thelma, Roland, small daughter of Mr. and Mrs. A. B. Roland, was one that will be remembered for some time to come, by 33 classmates of Miss Thelma, pupils of the first grade of Spring Hill school, who were entertained at one of the most charming "kiddie" affairs at the Spring Hill School, Thursday.

The afternoon's celebration was fittingly opened when 33 tots were grouped in a charming pose in one of the school rooms, and were afforded the pleasure of having their pictures taken, after which they were allowed to enjoy themselves in the play room of the school, while the table was being prepared for the birthday feast.

The gaily decorated table about which the children were grouped, was a finishing touch to a perfect party. Blue birds were used upon the cloth, and napkins, and were tastefully used about the school room. The refreshments were very original, the ice cream being molded into individual miniature toys.

Centering the table was a huge blue and white birthday cake with seven tiny candles in the honor of the small hostess. Favors for the girls who were Thelma's guests were tiny umbrellas, in gay colors, while the boys were presented with red, white and blue toy wind mills.

The following children enjoyed the affair, Thelma Anderson, Donald Arment, Robert Bath, Martha Jane Bath, James Batson, Mildred Black, David Breakall, Pauline Chittum, Melvin Cleveland, Ethel Cook, Violet Coates, Elinor Dudley, Helen Gill, Sarah Frances Harris, Myrtle Hart, Margaret Jack, Donald Jones, Richard Jordan, Kathryn Kingsbury, John Maxwell, Lois McCellen, Howard North, Paul Newcomer, Dorothy Aretton, Evelyn Osman, Elsie Parks, Ethel Russell, Helen Schweibold, Lawrence Shelly, Katherine Smith, Howard Thompson, Dorothy Thompson, Mabel Vaneoy, Evelyn Palmer, Lorraine Roland, Olin and Evan Waltz, Mrs. C. E. Waltz and Mrs. Earl Rakestraw were also included in the guests for the afternoon.

On Friday morning Miss Thelma presented to the school of which she is a pupil, an umbrella tree, which will bear the name "Thelma May" honoring the small donor. Two hundred and sixty pupils of the school took part in the ceremony of the planting of the tree in front of the school Friday morning, the first dirt being placed by the little donor. Appropriate patriotic songs and recitations were given by the children at the ceremony.

**LITTLE FOLKS ENJOY EASTER PARTY FRIDAY**

Fifteen tiny tots, pupils of the kindergarten conducted by Mrs. Charles A. Davis, assisted by Miss Doris Meahl, at the home of Mrs. Davis on North Galloway street, were given every opportunity to enjoy an afternoon of childish pleasure, when they were guests at a delightful luncheon, and "playtime," preceding their ten day Easter vacation, Friday. Yellow chicks and bunnies were used in carrying out the Easter decorations that proved a delight to the young guests, who were invited to be present at the affair at 10:30 o'clock, and to enjoy themselves until one. The feature of the affair, the luncheon, was served at noon in the dining room of the Davis home.

Those who enjoyed the party were: Clinton Adair, Millen Davidson, Margaret McKay, Virginia Haver, Geraldine Need, Bobby Friedman, Morris Hyman, Thomas Huston, Frederick Loyd, Gail Lees, Jerome Daugherty and the little Misses Florence and Mary Esther Andrews.

**SOLEMNIZE MARRIAGE OF JAMESTOWN GIRL**

With only the immediate family in attendance the marriage of Miss Mildred May Harper, daughter of Mr. and Mrs. W. F. Harper, of Jamestown, to Delvin Eugene Hilton, also of Jamestown, was solemnized at the home of the bride's parents in Jamestown Wednesday afternoon at 5:30.

The rooms of the Harper home were very tastefully decorated in keeping with the Easter season, lovely Easter lilies and fern being used in large bouquets.

Mrs. Hilton wore for her wedding outfit a suit of blue tulle, the jacket being fashioned in Mandarin style, embroidered in dark blue, with a blouse of gray Canton crepe. She wore a small gray hat with footwear and gloves also of gray.

Officiating at the service was the bride's pastor, Rev. W. A. Cooper of the Methodist Episcopal church of Jamestown.

Following the service Mr. and Mrs. Hilton, left for a short wedding trip to Dayton, Ohio, where they will spend several days. Upon their return they will immediately go to housekeeping in their furnished home on West Washington street.

Miss Harper is the daughter of Mr. and Mrs. W. F. Harper, the former a prominent druggist at that place. Mr. Hilton is the son of M. I. Hilton, well-known grocer of Jamestown.

On Sunday a family dinner will be given at the home of Mr. and Mrs. W. F. Harper honoring Mr. and Mrs. Hilton.

**ARE HOSTESSES AT EASTER PARTY**

Mrs. Anna M. Haverstick and Mrs. C. W. Linkhart were hostesses to a delightful Eastern party given at the home of Mrs. Linkhart on West Market street, Tuesday evening. Yellow and white were the colors carried out on the decorations and refreshment course and the entertainment for the evening was in keeping with the Easter season. Those who were guests at the affair were: Mrs. Ida Sinz, Mrs. Cora Lutz, Miss Mary Bickett, Miss Anna Crampton, Mrs. Samuel Manor, and daughter Lois, Mrs. George Dodds, Mrs. Daisy Nesbit and Mrs. Rebecca McCampbell.

**TELLS OF GROWTH OF ORDER OF RED MEN**

On the sleep of March 24, Wahoo Tribe No. 41 of the Improved Order of Red Men was honored by the presence of their Great Sachem, H. J. Churchman of Springfield, who trailed to the Hunting ground of Xenia, accompanied by Past Great Sachem, Henry Olnhauser of Columbus, District Great Chief, and E. C. Wilcox and a number of Red Men from Dayton, Springfield and other nearby cities.

Mr. Churchman is the head of the Order in Ohio, which has more than 20,000 members, and is one of the oldest orders of strictly American origin and teachings. Its history being traced back to prior to the Revolutionary war. As early as 1795, it was a powerful factor in the events which crystallized in the Declaration of Independence and these United States of America.

Mr. Churchman gave a "Long Talk" on the growth of the order at large and other topics of interest to the Improved Order of Red Men.

Mr. Olnhauser gave a talk on the business of the Great Council of the United States and other matters of the Order.

After the business of the evening was conducted the members of Wahoo Tribe served "Corn and Venison," Brother Wilcox acting as toastmaster. Responses were made by Brother Harry Brewer a veteran member from Oke Boji Tribe of Dayton, and other members of the Order.

**WILL BE GIVEN TRYOUT IN WEST**

Lawrence Kahoe, Jr., of Yellow Springs will leave next Tuesday, for Sauplana, Oklahoma, where he will be given a tryout with the baseball team of that place in the Southwestern Baseball League.

Mr. Kahoe has attained quite a reputation in amateur and semi-professional baseball in Springfield and in this vicinity, and his friends predict for him a ready success in the Southwestern League. He is a shortstop, and will be given a trial at that position.

Mr. Kahoe is the son of Mr. and Mrs. Lawrence Kahoe, Sr., of Yellow Springs, formerly of this city.

## CENTENARIAN OF XENIA ENTERTAINS WITH HIS FIDDLE

JAMES JEFFRIES.

James Jeffries, Xenia centenarian, played tunes on his "fiddle" that were popular 100 years ago, at the old fashioned tea party held Thursday afternoon by the Rike-Kumler Company in connection with the celebration of its sixty-eighth anniversary.

Quaint old costumes of the period of 1853, beautiful old china and silver of the same period, and old songs and "fiddle tunes" popular long ago contributed to the delight of the company present, and they swarmed about Mr. Jeffries, whose violin and homely style brought forth tunes reminiscent of childhood. Residents of Dayton for 50 years or more, were the guests of the Company at the party.

Mr. Jeffries was the oldest person present, in a gathering from which young people were excluded, and because of the fact that he has reached 100 years and because of his "fiddling" he was the center of interest. He was taken to Dayton and back in the automobile of Fred Rike.

## FUNERAL SERVICES HELD THURSDAY

Funeral services for Robert Mendenhall, Sr., were held Thursday afternoon at 1:30 o'clock, at the late home on the New Burlington pike and were in charge of Rev. Wright, pastor of the M. E. Church at New Burlington.

## PLACE NEW POLICE ORDINANCE ON FIRST READING THURSDAY

A new police ordinance, drafted to fix permanently the salary of the motorcycle policeman was placed on its first reading by the City Commission at its meeting Thursday night.

The ordinance fixes the salary and mount of bonds of policemen, and provides for additional members. The ordinance provides for six members of the department, including a chief of police at a salary of \$130 a month an assistant at \$115 a month, a motorcycle policeman at \$140 who is to keep up and use his own machine and three regular policemen at \$110 a month. The ordinance does not interfere with the power of the manager to appoint extra policemen in case of an emergency.

The ordinance was drawn up because Motorcycle Policeman Clark Stethum was taken care of under the provision of the old ordinance, which made it impossible to retain extra policemen for an emergency, but as he was retained permanently, it was thought advisable to include his position in the ordinance. There is no change in the salaries made by the new ordinance, which repeals the older ordinance.

## LONG ILLNESS IS FINALLY ENDED

Mrs. Cosmolia Corey passed away Thursday afternoon at 4:30 at her home in Clifton, Ohio. Mrs. Corey was the widow of E. C. Corey, who preceded her in death about two years ago. Mrs. Corey's death was caused by heart trouble, having been in failing health for about a year.

She leaves three children, Frank Corey, of near Selma, Mrs. Clark Crabb, of near Springfield and Miss Mae a nurse, who is well known in Xenia, but who has been at home for a year nursing her mother.

She was a member of the United Presbyterian Church of Clifton. Funeral services will be held at the late home in Clifton, Saturday afternoon at two o'clock, and will be private. Interment will be made at Clifton cemetery.

## HISTORY OF RACE SHOWS FALL FROM RIGHT LIVING

Taking for the subject of his sermon, "The Compassion of Christ," Rev. G. A. Scott of the First Methodist Church delivered a forceful sermon to an audience that filled the church, Thursday night.

"Man in sin is in a sad condition," is the opinion of Rev. Scott, "but he does not need to stay there, for there is one who can deliver him out of that state," Rev. Scott stated.

"The condition on which this deliverance is given is confession of sin. Sin and its consequences are seen by all to be an ugly thing. But many who desire to get rid of the consequences of sin find confession a difficult process.

"To confess sin and give it up shows greatness of mind and strength of purpose. To cling to sin is to go down with it, for the direction of sin is downward. The possibilities of human nature are well nigh unlimited good and for evil. There was a time when Arnold was as patriotic as Washington, but he fell low enough to betray his country. Judas was as good as John when the two were chosen, but the one became a saint and the other a devil. The history of the human race is a record of how men have fallen from the highway of righteousness to the lowest depths of degradation or have risen from its low places of sin to a life of rectitude and honor. Which way a man shall go, up or down, is determined by his own choice and will," were the closing words of Rev. Scott, Thursday evening.

OF DIRECT INTEREST TO EVERY MAN, WOMAN AND CHILD IN THE UNITED STATES.

As the railroad question is now the insistent, burning issue of the day in this country, we feel that nothing we could say in this column would be of more interest to our readers than the appeal to the railroad employees which Samuel Rea, President of the Pennsylvania railroad, made last Tuesday, as follows:

"To the Men Who Work for This Railroad—If every man on this railroad could come into my office and see for himself the facts that confront us, I would not be addressing you this way.

"We have come to the necessity of reducing salaries and wages. Drastic economies have been made in every other way possible. Working forces have been reduced more than 70,000 men. With less business to handle, the wages taking the abnormal sum or nearly seventy cents out of every dollar the railroad earns, the remaining thirty cents is not sufficient to buy fuel and other materials and supplies, and pay our taxes and other obligations. There is only one way left to keep our expenses within our income, and that is to lower salaries and wages. Under such circumstances as these it is necessary to ask for your co-operation, and I have known Pennsylvania men so long that I do so without hesitation.

"The directors of this company have given their word that justice and fair play will be accorded to all. I promise you that policy will be scrupulously followed.

"You have been asked to send representatives to meet the general managers to discuss what are just and reasonable wages in the light of present conditions. Committees are now at work preparing new schedules of rates to submit for your consideration. It is our purpose to tell you exactly what are the facts so that all may know and understand.

"All I want to ask of you is one thing: Be open-minded. We have no intention or desire to reduce wages to unfair levels.

"There is no conspiracy to disrupt your national organization. We are simply face to face with conditions that force the steps we are taking.

"You men have assisted in making this the greatest railroad in the country. It is our job, yours and mine, to serve the public as economically and as efficiently as possible.

"The railroad is opposed to the national agreements because they make it impossible to operate the road for the interest of the public as well as for the interest of the employees. One of the most unfortunate features of the present situation is the fact that these national agreements make it impossible for us to retain the most efficient employees and to pay them for the work they do and the energy, initiative and loyalty they put into the job.

"We have succeeded in the past by working together with mutual good-will and co-operation. In that way alone we can succeed now, and I want to feel that I can continue to count on your spirit of fair play, common sense and whole-hearted service."

## THE PRESIDENT AND HIS DOGS.

Venerable residents of Washington, and for that matter of the whole country, will feel like whispering something into the ears of President Harding relative to the gift of dogs.

That something is a well remembered story of General Grant's experience during his first term as President.

An enthusiastic friend and admirer who had served under him in the war sent the general a dog of full blood and exceptionally good reputation. As a matter of course, Washington correspondents, during Grant's first term, did just what the Washington correspondents have done, and will continue to do, relative to the blooded dog presented to President Harding—told the nation all about it.

Very soon General Grant found himself the object of a veritable dog storm. Gifts came from all directions, and not all of them were blooded dogs. There were many of the best types, but still more of the every day breed. There was the big headed, strong jawed bulldog, with his lower teeth on exhibition; bloodhounds, of all species; some of them with their pups; pointers, Newfoundlands, rat catchers, and nearly everything else belonging to the dog family.

The press of the country had much to say about it. There was no end of ridicule, and the party that did not elect or re-elect General Grant was really brutal in its handling of the dog question. General Grant was pictured while indulging in his morning walk as followed by multitudes of blooded dogs, cropped eared dogs, French, English and Russian bulldogs, bloodhounds, black and tans, white dogs, red dogs, spotted dogs, yellow dogs, and pups. When he rode out, the spare space in his carriage was filled by grinning, yelping, barking dogs.

General Grant and his dogs cut a prominent figure in the campaign for his second election.

The public will watch to see if the example set by the Toledo admirer of President Harding is imitated by the throng of well meaning and ill meaning people who flooded the White House grounds until the dog killer was called in. If they do, Editor-President Harding will regret to the end of his life that his Toledo friend remembered him with that fullblooded Airedale.

Government officials say there is little hope that the income tax will be modified, for some time to come. Well we, at least, have the satisfaction of knowing what to expect.

No business enterprise will thrive in a sterile field, and with this in mind it might be well to place all valuables in the safe deposit vault, and so break up the crime wave.

The Philadelphia woman who nearly furnished her home with prizes she won at her bridge club parties, probably demands strict accounting from her husband every time he "sits in" with the boys.

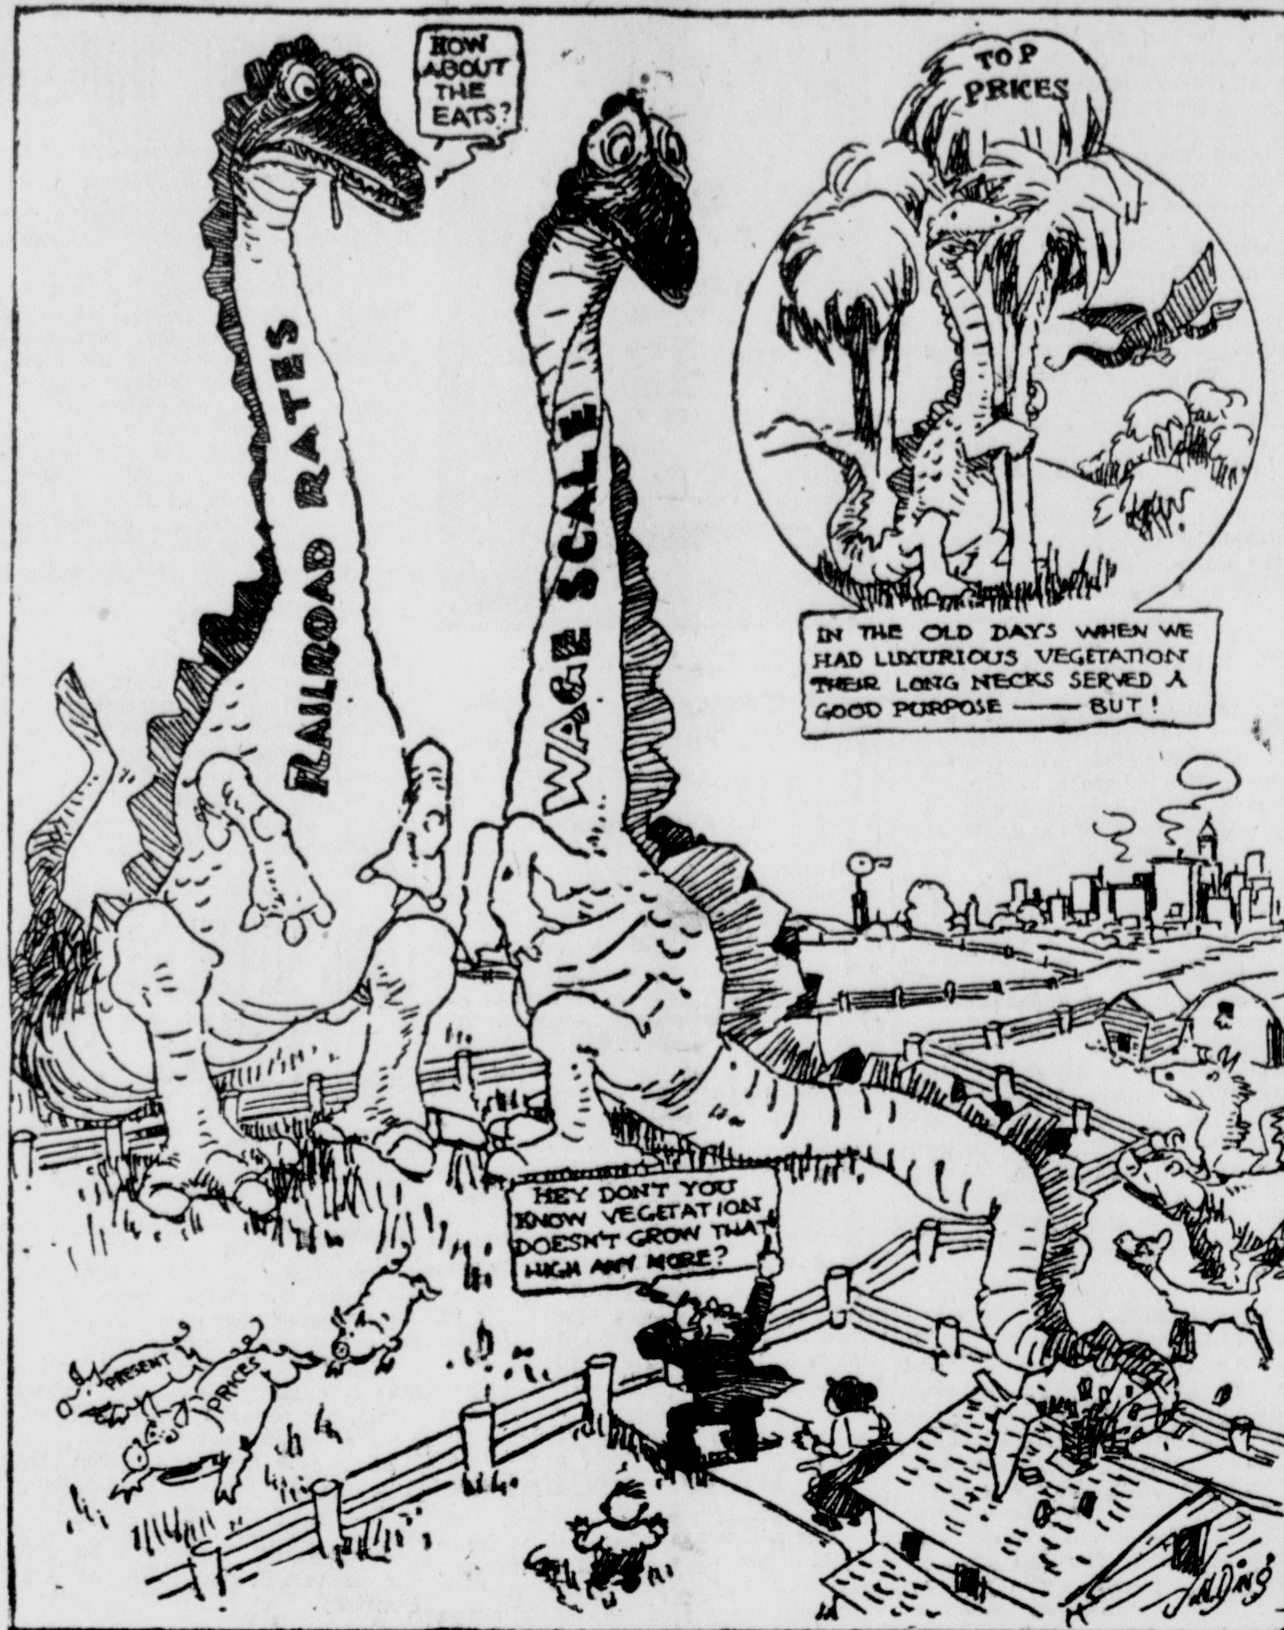

There is one way to put an end to the activities of bandits and holdup men. Organize a union and then call a strike.

The Irish situation is still unimproved. It is apparently a case where surgery is the only possible remedy.

One disadvantage of being in public life is that one is always in the public eye, and thereby the cause of irritation.

The near east situation is no nearer a solution.

Promoters for the Little Miami Traction Company are again making overtures to the residents of Center street, in Springfield, with a view of getting a franchise straight through this thoroughfare. It is said this company has come to the conclusion that the route over which a franchise has already been secured is entirely too crooked for convenience and has decided to make one more effort to go out Center street.

ALWAYS THE WOMAN!

That's the cry of the World—ALWAYS, the Woman! From dawn to dusk, through beckoning valleys of Romance to the final hour of mortal judgment, Woman is placed on the auction block to bear the burdens of Destiny designed by the mind of man.

But there is a Reckoning, as inevitable as the low of life, as sure as the bonds which brought Nancy Abbott and Blair Cornwall triumphant to the gates of eternal Life—and Love.

In this story of women of the world, you will open the innermost chapters of Humanity; you will see things that you have never seen before. You'll be thrilled and amazed over the swiftly moving events which include spectacular scenes seldom equaled even by the prowess of the magic screen.

## REVERSES.

So live that when reverses come you have in brine a decent sum. There is no more absurd mistake than that of blowing all we make. Reverses come to every door, in single file, in groups of four; they may be long upon the way, but they will reach your shack some day; you may fall ill of mumps or gout, the job you hold may fizzle out; your cherished pep may disappear, your aunt may come to spend a year. And when the day of sorrow dawns, and you are numbered with the pawns with which Misfortune idly plays, how much cold money can you raise? Are your resources merely dreams of money thrown away in streams? 'Twas but a little while ago that every gent had lots of dough; the worker drew a princely hire, and I wore out a costly lyre beseeching him to save the mon while it was coming by the ton. Some wise boys listened to my rede and salted down their chicken feed; but nine gay fellows out of ten just threw away the iron men; and when the boom went up in smoke the cold gray morning found them broke. To blow the useful money in—it is our great besetting sin, and so the wolves of famine yell where peace and comfort ought to dwell.

## Letters To The Editor

Washington, D. C., 3-20-21 To the Editor of the Evening Daily Gazette.

The nation's capital is a kaleidoscope of pageants, parades, conventions etc. featuring more or less in spectacular or dramatic manner a sort of political vaudeville the latest of which was The Woman's Party Convention, Feb. 15th to 18th 1921. Recently they met in final convention to celebrate, memorialize, dissolve and reorganize.

In the rotunda of the capital Feb. 15th, 1921 was unveiled the statutory group of Susan B. Anthony, Elizabeth Cady Stanton and Lucretia Mott. This work of art an oddity in sculpture consists of three busts carved in one block of pure Carrara marble. Mrs. Adelaide Johnson is the sculptress. At the memorial ceremonies held in the rotunda of the Capitol Miss Halie Q. Brown of Wilberforce represented the colored women of America. More than two hundred and fifty women representing sixty eight organizations participated.

Space will not permit a description of that gala scene. Suffice it to say that when Miss Brown President of the N. A. C. W. accompanied by her flower girl stood in front of the statue and the banner bearer faced the audience and held a large royal purple banner bearing the inscription in white letters "National Association of Colored Women, round upon round of applause greeted them scented only by that which greeted the tri-color of the Woman's Party. Miss Brown appeared also before the resolutions committee.

Miss Robertson, congresswoman from Oklahoma, Meyer London, Senator Bradley and many others spoke. Mrs. Charl Williams, a democratic leader in Tennessee swayed the audience with proverbial southern oratory and no doubt would have had many converts had Dr. Fess stayed at home.

After gallantly but facetiously complimenting the previous speaker for her able handling of such a poor sub-

ject, Dr. Fess became serious and step by step he tore the arguments and representations of Mrs. Williams to pieces. When he seemed too severe he would pause apologize and then by way of proof refer to a certain congressional record to sustain him. It was an evening of delight and inspiration.

I wish all Xenia could have been there, to give three cheers for Dr. Fess.

Very respectfully  
Eva A. Nichols Wright

# ROY SCHOOL HEAD ACCEPTS POSITION AT ANTIOCH COLLEGE

Earl E. Prugh, for five years Principal of the Troy High School, known over the State as an athletic authority, and a graduate of the Ohio Wesleyan University, has accepted the chair of physical education at the reorganized Antioch College, Yellow Springs.

Mr. Prugh was tendered the position some time ago by Arthur E. Morgan, chief engineer of the Miami Conservancy District and new president of Antioch, and following a conference with Mr. Morgan accepted the professorship.

The contract of the new faculty member begins July 1, but he will begin his duties by taking an advanced course in physical education at Harvard University, or some other school of similar standing this summer, and begin his actual duties at Antioch at the opening of the fall semester.

His salary, while not given out, is said to be considerably larger than that he has been receiving at Troy.

Mr. Prugh learned from President Morgan that the students of the new Antioch will be picked, not only for their mental but physical qualifications, and all will be expected during their entire course to take corrective physical training and engage in athletics of some nature. Athletics at the Yellow Springs school, however, will be largely intramural as there will not be sufficient leisure under the plan of part work and part time study for intercollegiate brushes in the realm of athletics. In addition to his work as director of physical education, Mr. Prugh will have one class in freshmen mathematics.

Because of the evident care that is being taken in the selection of the faculty for the new College, the appointment of the Troy educator is considered an especial honor. He will not move his family to Yellow Springs, until near the start of the College term, when it is expected that between 250 and 300 students will be enrolled for the first year's work.

Mr. Prugh is a graduate of Ohio Wesleyan University at Delaware, and is completing his fifth year as Principal of the Troy High School. During the greater part of that time he has acted as coach of athletics and has attained a considerable success for Troy teams during that period. He has a more than state-wide reputation as an authority on football, basketball, baseball and other sports, and is registered as an Ohio Conference official, his services being much in demand as referee and umpire for many intercollegiate games. Each year his choice of all-Ohio-Conferee teams is featured in the Columbus Dispatch, and he has just announced his selection as referee of the 1921 Michigan-Ohio State game next fall. He will continue to be at liberty to fill these officiating engagements, it is said.

# TO ASK ENGLAND TO GET BERGDOLL

Washington, March 24.—Great Britain may be asked to take steps to secure the apprehension and return of Grover C. Bergdoll, American graft dodger, now in Germany, it was intimated today.

Secretary of War Weeks stated today that Bergdoll admits violating a British passport in fleeing from Canada to Germany and intimated that this nation may seek to have Great Britain extradite Bergdoll from Germany. If Bergdoll were taken to Great Britain on charges of violating a passport, the United States might then make a request for his extradition to the United States on charges of evading the draft law. It was stated that at the present time, with the United States at war his nation cannot make a request for the extradition of Bergdoll but Great Britain being at peace with Germany may do so.

The United States will press its efforts to secure the release of Carl Neuf and Frank Zimmer, Americans held in Germany for attempting to kidnap Bergdoll, Secretary Weeks said. The secretary predicted that this government will take definite and persistent action to secure the release of these two men.

## INSTALL NINETY TWO WATER METERS SINCE MARCH 1 IN XENIA

That 92 water meters have been installed since March 1, by the municipal water works department was the content of the report of City Auditor T. H. Zell, at the meeting of the City Commission held Thursday night.

Mr. Zell said that the efforts of the city to have the meters installed have been meeting with a ready response from some patrons and that many requests for meters are coming in by telephone. From 12 to 18 meters a day are being installed by the city employees at the request of water consumers.

The commission discussed the plan of having all the meters installed before September, and the body is favorable to a raise in the flat rate at that time, to an amount in excess of the highest meter charge.

## BUICK

MODEL 21-45

For years the demand for Buick Cars has always exceeded the supply—even when Buick production mounted to 500 cars daily.

Because of the material curtailment of motor car production this Winter, the Country faces a decided shortage of quality cars this Spring and Summer.

Consequently Buick Dealers are advising motorists to place their Buick orders now because orders must be sent to Factory months in advance of delivery.

The reason why the demand for Buick cars has always exceeded the supply is more pronounced than ever in the 1921 Buick. Coupled with the noted Buick power and dependability, are added riding comfort, easier control, and a beauty and grace that fittingly express Buick worth.

Authorized Buick service insures full return on Buick investment.

Come in and look the 1921 Buick over and you will be convinced that you are getting more for your money than any car you can buy around this price.

Also you will find we are prepared to give you real service after buying a Buick car, and this is to be considered in buying a car.

Companion and succession planting are propositions that are too often hurried at a gardening beginner to his confusion and detriment of his little garden patch. The answer is, don't try to sprint before you learn to walk. Companion and succession planting certainly should be used and practiced in order to get the full return from the soil, but it isn't bad advice to say to the gardener without much experience. Go slow and experiment. Try out only a few companion or succession plantings until you see how they work. Don't try to double crop and succession plant a whole garden if you are just starting out on a gardening career.

A few simple companion plantings are indicated herewith:

Radishes and parsley in mixture in the same row. The reason, the radish comes up quickly, matures quickly and is soon out of the way. The parsley germinates very slowly and the radishes have broken the soil so the parsley can come thru easily. The parsley will have plenty of time for maturity when the radishes are pulled and will be none too thick.

Radishes with early cabbage between the rows.

Radishes between rows of early peas.

Parsnips or beets between rows of spinach.

A few succession crops: Radishes followed by string beans. In succession crops the succession crop follows after the first vegetable has been used and removed. In companion planting they are put in the ground at the same time.

## COMMISSION FAILS ACTION ON MANAGER

No official action regarding the appointment of a successor to City Manager Kenyon Riddle was taken by the City Commission at its meeting Thursday night.

Following the regular meeting, the Commission adjourned and discussed informally, the applications that have been received for the position. During the regular meeting, City Auditor T. H. Zell, who is clerk of the commission read a letter of resignation from City Manager Riddle, in which he asked to be relieved from his duties April 15, when he hoped to take his new position at Middletown.

In the letter, the City Manager took the opportunity to express his appreciation to the Commission for the support of that body and said that his associations in Xenia had been pleasant.

Two more candidates for the City Manager's position were announced by J. Thorb Charters, president of the Commission at the informal discussion which followed the regular meeting. The two new applicants are both Springfield men, Charles Bird, who is now connected with the Prager Real Estate Company of that city and Benjamin F. E. Strausberg.

Bird is 47 years of age, and made a favorable impression on the Commissioners he met. Strausberg is 33 years of age, a graduate of Willits Business College, and has had engineering experience with the Springfield Motor Truck Company, and the Ohio Electric Railway Company. He also has had experience in city legislation, has been a member of the Springfield board of education and is now in the production office of the Westcott Motor Company.

## ACCOUNTS KEPT BY FARMERS OF GREENE CO. SHOW DECLINE

Declining values for farm produce have had their effect upon the Ohio farmers' profit for the past year, says Prof. J. I. Falconer of the Department of Rural Economics of the Ohio State University. He adds that cost accounts kept on a group of farms in Greene County for the year ending January 1, 1921 show that the receipts from farm sales exceeded the farm expenses by \$2,248 per farm. It was found, however, that the inventory made of the livestock and products on hand was \$2,415 less on January 1, 1921 than on January 1, 1920. This means that, if in summarizing the year's business, the farmer should consider his decrease in inventory he would find that he has received for the year no return on his capital investment, and the only return for his labor would be that which was contributed by the farm directly to the family living in the way of shelter and produce for the table.

## Escape the "Stout" Class

An attractive figure is not a matter of size but of correct proportions. The stout women who are never spoken of as "stout" are those who give a little time and thought to proper corseting.

Rengo Belt Reducing Corsets give the wearer an appearance of slenderness. The exclusive Rengo Belt feature gives strength and support where the greatest strain falls—over the abdomen and hips. They have the reputation of being "the most economical reducing corsets ever devised."

## ECONOMICAL OPERATION OF SEWAGE DISPOSAL PLANT GETS ATTENTION OF COMMISSION

The question of the most economical operation of the sewage disposal plant, occupied some time at the meeting of the City Commission held Thursday night.

City Manager Kenyon Riddle in his report, said that before leaving Xenia, he would like to have a plan fixed for the operation of the plant, for the new manager when he takes charge.

The manager explained that under the present system the care of the plant costs \$1,782 a year, which includes the attention necessary to keep the plant in operation, and the hiring of teams and men when the beds have to be cleaned out several times a year. The manager said that he had considered the plan of keeping one man constantly in charge at the plant but that this plan would cost about \$1,200 a year. He presented to the commission, however, a plan by which David Lucas, who lives near the plant, would be given charge of it, and the right to hire teams and men when needed to clean out the beds, the cost of this form of supervision and operation being \$1,710.

The city manager also presented the

new plans and specifications from the Dravo-Doyle Company of Indianapolis for the power unit to be installed in the new water station. Owing to a slight decrease in cost since the first unit was installed, the cost of the new unit will be slightly less. The first unit cost \$2,285 while the new unit will cost \$2,150. The Commission passed a motion instructing the manager to enter into contract with the second unit.

Mr. Riddle also announced that a refund of \$1,000 had been received by the city from the White Motor Company of Cleveland and that \$250 is still due. The refund represents the amount to be paid the city by the motor company for the old fire engine motor, which was traded in on the new motor, when it was ruined by emery dust some time ago.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## OVERJOYED BY WHAT DRECO DID FOR WIFE

Relieved constipation promptly and promoted healthy stomach action.

"I am truly joyful over the great relief my wife has obtained from habitual constipation and faulty digestion through the use of Dreco," exclaimed Mr. William Beaver of New Matamoras, Ohio.

The ingredients of Dreco are on friendly terms with the vital organs that play an important part in your general health. When you are insured against constipation you are certain you will be free of the dangers of indigestion, nervousness and insomnia. Dreco, your insurance is sold by all druggists and specially introduced at Sohn's drug store.

## HEAVY PRUNING PRODUCES RESULTS

Rose bushes should be rather severely cut back this spring, says Professor Hottes of the Ohio State University, on account of the very mild winter. He says that all monthly roses, commonly known as hybrid teas,

should be cut down to within a foot of the ground and that the hybrid perpetuals should be cut back at least one-half. Professor Hottes says many rose bushes produce what he terms "foolish wood" that is small, short, weak branches never produce nice blossoms. He therefore recommends removing all branches that are very small in diameter and short, and also all canes that are very branchy. He says that good rule to follow is to

## WITH THE WOMEN OF TODAY

London.—Women are rapidly forging to the forefront of the world's affairs, according to an announcement made by the International Women's Suffrage Alliance.

In a report recently issued by the I. W. S. A. much jubilation is expressed over the statements that have been received during the past few months from all quarters of the globe, including even the Far East. The report says:

"On January 26 the Swedish Parliament definitely incorporated woman suffrage in the Constitution. Swedish women will vote for the first time this year.

"The Swedish Parliament has also passed a bill making women eligible for all the higher posts in the civil service (excluding military and diplomatic posts) on the principle of equal pay for equal work.

"The women of Western Australia are now eligible for the Assembly and Legislative Council, the 'Qualification of Women for Parliament Bill' having passed both houses.

"The Spanish Republican Party at its recent democratic convention decided unanimously to place the rights of women on its programme.

"A National Woman Suffrage Association has been formed in Tokio, Japan. Mrs. Kubishiro, well known in temperance work, has been elected president of the organization.

**Eastern Women Active**

"Eastern women are coming rapidly into the world's woman suffrage movement. Japan, China, Palestine, Egypt and India all have associations which are affiliated or seeking affiliation with the International Woman Suffrage Alliance.

"M. Briand, the new French Premier, is a convinced woman suffragist. The French Deputies who are supporters of the woman suffrage movement in France have now pledged themselves to the active support not only of woman suffrage, but also of bills permitting a woman to

retain her nationality on marriage, granting her full civil rights in marriage and opening fully to women the legal profession.

"The Prussian Minister of Justice has decreed that women shall not be admitted to the examinations qualifying them for the higher offices of the law. The Prussian elections will be held soon and women suffragists and voters will protest against this violation of the spirit of the new German Constitution which expressly states that all offices of State shall be open to any subject, irrespective of sex, provided he or she qualifies.

**Hungarian Women Aroused**

"An attempt is being made by the reactionary party in Hungary to disfranchise Hungarian women and bills for this purpose may be introduced this Spring. The Hungarian Women Suffrage Society is devoting the whole strength of the organization to defeat this attempt—the first attempt ever made in history to disfranchise the enfranchised.

"In Finland a bill has been introduced by the Government which will much improve the position of the illegitimate child. The bill, if passed, will place the illegitimate child on the same footing with regard to inheritance from the mother and the mother's family as her legitimate children. The father will be obliged to contribute to the maintenance of the child up to the age of sixteen and this sum may, if necessary, be deducted from his wages or income. Official guardians will be appointed in every town and country parish to safeguard the interests of the illegitimate child."

Referring to the United States, the reports note with great pleasure that Miss Adella Stewart has been appointed there as a national bank examiner—the first of her sex to be so appointed.

Mrs. Annette Abbott Adams, assistant attorney general of the U-

States recently scored the tendency of men to create new positions for women instead of giving them a chance at the jobs already existing.

"There are only a few instances, even in the suffrage states, of women holding political office," according to Mrs. Adams. "The tendency of men is to create new jobs for women in order to prevent us from meddling with things they like to do themselves. We women must work from the inside out not from the outside in. The only way for us to learn enough about governmental affairs to be competent to handle departments is to get into the departments. Women should get into established places not have new places created for them on the outside. They do not want to be side tracked."

Mrs. Adams went to Washington almost a year ago as the first woman assistant attorney general in the country. She had been assistant United States attorney since 1912.

She recently went on record as being against the suggestion proposed that a women's welfare department be put in the president's cabinet. The plan suggested that all matters concerning woman be put in charge of the welfare department.

**WOULD REGULATE FUTURE**

## TAKE EVANS TRIPLE PHOSPHATES WITH MEALS GAIN SEVERAL POUNDS SOLID STAY-THERE FLESH

In one month's time EVANS TRIPLE PHOSPHATES puts on several pounds of solid red-blooded flesh and changes your weak, run-down, nervous tired body into a strong, vigorous, robust one or money refunded.

Of course medical men are surprised and many are still unbelievers, but the fact is evident to every up-to-date pharmacist that Evans' Triple Phosphates will produce flesh without violent methods, face creams, daily massage or beauty torture.

In order to assimilate the nourishing food thin people daily take into the body and turn it into healthy, red blood corpuscles, the nerves that control the process of digestion and assimilation must be put in first-class shape, and that

is one of the first things Evans' Triple Phosphates does.

Evans' Triple Phosphates comes in small tablet form; a ten days' treatment in each box and one month's treatment is guaranteed to increase your weight at least several pounds, and in ten days make you feel like a new being, full of ambition, vigor, and a desire to accomplish things. Son's Drug Store Sayre & Hemphill and all good drug gists have agreed to supply Evans' Triple Phosphates and guarantee it to do just what is claimed for it, or money refunded.

Even though Evans' Triple Phosphates works wonder in all cases of nervous digestive and blood disorders don't take it unless you really desire to put on flesh, gain weight.

## PLAN REMODELING OF DETROIT STREET BUILDING BY JUNE 1

A change in business locations that will greatly affect the commercial complexion of the west side of North Detroit street, between Main and Market, will be effected before June 1 in compliance with the plans decided upon by J. D. Steele Sr., owner of the Galloway building, located between the Steele building and the Hutchison & Gibney department store.

Mr. Steele plans to readjust the entire front of the Galloway building, the construction of commodious quarters on the second floor and the enlargement of one side of the building in the rear. The Manhattan Restaurant, at present occupying the south room of the building, will continue in that location, but the Jacob Kany tailoring shop, which for more than 30 years has occupied the middle room of the building, will be moved to the second floor. This room will be occupied after June 1, by the Philip Diehl Deli-catessen, or meat market, which is at present located in the Manhattan building.

For the purpose of accommodating the suite of offices to be built on the south half of the second story, a stairway will be installed where the present south display window of the Kany shop now exists, leading to the second floor. The Diehl meat market will continue to use the present door, but through the enlargement of the entire front end of the room will have one large window on the side. The wall between the Kany establishment and the billiard hall in the north room of the building owned by Gust Carlis and Ralph Hutchison is now in the shape of an ell, with the Kany room narrowing toward the front, and the billiard hall being larger in the front. This wall will be straightened, to give the meat market the benefit of the increased space area, and the billiard hall will be narrowed. However a new addition to the building, in the rear of the billiard hall, and for the occupancy of that business, will be constructed on the rear running to the alley. The present stairway on the north end of the building, next to the Hutchison & Gibney store, will be used as an entrance to the Kany tailoring shop.

Architects have now presented plans for the reconstruction work, it is said, and the work will start soon in order to be completed by June 1.

## GREEKS PREPARE FOR BIG STRUGGLE

London, March 24—The Greek Army in Anatolia is not only receiving reinforcements in men, but also a tremendous amount of war materials for an extensive campaign in the field, said a Constantinople dispatch to the Daily Express today. The Turkish nationalists continued the dispatch, are fully aware that the next outbreak of hostilities will be on a scale of grand magnitude and not confined to guerrilla warfare as was the case in the past.

## THE WOMAN HE MARRIED

**WE ARE ALL CHILDREN AT TIMES**  
Chapter 124  
Juanita was on the porch. I knew by her change of expression when she saw me that I was unwelcome. But she quickly recovered herself and greeted me as usual.  
"Well, Mr. Writer-man, feeling better?" she asked, calling Dick by the name she had given him when we first knew her. Then turning to me: "Wasn't he a dear to telephone me when he finished the story? He knew I was waiting to hear."  
"Dick is always thoughtful of his friends," I replied, indignant that she had the nerve to mention the telephone message.  
"My name will be Dennis with him if this story is accepted," she said with a laugh as she rang for tea which was served on the porch. "He will think he doesn't need me, that he can go it alone."  
"And you think he can't?" I could not help the question.  
"No—I think he can. But he needs sympathy, encouragement, don't you writer-man? You are like a good many men—nothing but a boy after all." She seemed to forget I was there, listening.  
As she talked, she gave him an intriguing look, soft, melting. I thought of what those men had said, of what Mrs. Baker had told me, and clenched my hands in my lap to refrain from saying things I would regret simply because it would give Dick a chance to defend her—something I was determined never to allow. He should not champion her because of anything I said or did. So I simply replied: "We are all children at times, I imagine," Mary just then brought tea and cakes and Dick changed the conversation by complimenting Juanita upon their excellence.  
"I made them myself purposely for you because you are so fond of them," she murmured.  
So she even flattered him by cooking the things he liked. What else did she do that I had not suspected to strengthen her hold over him?  
"I don't wonder you like them, Dick, they are delicious," I said. "You must give me the recipe, Juanita."  
"Oh, I couldn't give it to anyone. That is my especial treat for the writer-man."  
I said no more but looked at Juanita as if I never had known her before. What was she doing? What did this softness, this languishing manner mean? It was not quite like anything I had seen in her before. Had she feared to fail in warning Dick entirely from me, and now had adopted this clinging vine attitude hoping to work on man-nature that way?  
We remained about an hour—an hour of distress to me, of no particular pleasure to either Dick or Juanita. I was sure. It was Dick who proposed going. Nothing loath, I rose at once and Juanita made no objection.  
When we reached home I found a letter from Junior. Suddenly I decided to make him a visit of a day or two.  
"Will you go with me, Dick? I asked. "Junior would be delighted He said when he was at home that the boys quite lionized him because his father was an author."  
"No, I can't," Dick replied.

**PRACTICAL ECONOMY**

is even more essential in financial than in industrial management. Observance of it for nearly 30 years has enabled this institution to pay its modest running expenses and accumulate a surplus in excess of \$95,000, out of 1% of the money it has handled.

This has made possible our flexible plan by which we can increase the interest on certificates of deposits when scarcity of money increases rates on loans.

Holders of our certificates of deposit now draw interest at

**TRY SULPHUR ON AN ECZEMA SKIN**

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It never fails to relieve the torment without delay. Sufferers from skin and eczema rig up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You get a little jar of Mentho-Sulphur at any drug store.

**You Can Invest**

in stocks and bonds, no matter where you may live.

Without cost or obligation, for the benefit of our out-of-town customers who realize the value of a connection with a responsible investment house, we maintain a reliable and exact mail department.
